- NB:**
- Product design requires the support of a vanity unit below the basin.
  - All basins are supplied as standard without tap hole unless otherwise specified.
  - Measurements: max 2405 x 505 mm.
  - The basins have a tolerance of +1/-1 mm; we recommend that all basins are ordered 5 mm wider than the furniture setting (e.g. 1605 mm total width to suit 2x800 mm units).
  - Centre of the basin must be aligned with the centre of the vanity unit.
  - For wall-to-wall solutions we recommend 3 mm space on both sides between worktop and wall. Take care to note the diagonal measurement between the walls.
  - Bespoke products cannot be cancelled or returned after the signed order form is received.
  - Please be aware that the warranty no longer applies if adjustments of the construction and/or the design are made
